Classroom Overview

Parents this year has been like a spiral, but we made it!
We set goals and expectations and we accomplished them. The children
are doing “great” making progress in all areas. We know you have seen
growth at home with skills and language. We will continue to work hard to
the end!

Highlights of the Classroom

We learned a lot celebrating Black History Month. I’m sure you listened to
many songs and talked about famous African Americans.
