LBMS Make-Up Policy for Missing/Incomplete Assignments

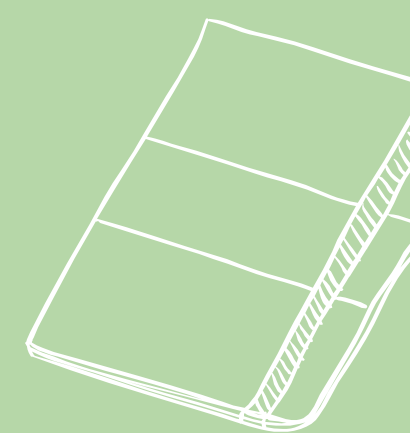

Student Work Recovery Policy:

1. At the interim any student who is missing assignments, regardless of their average, will have two weeks to make up the original missing assignment. The maximum grade students can receive will be 65 for each missing assignment that has been completed. Students can attend **Saturday Support** if they need assistance in completing these assignments.
 2. After 2 weeks, the window closes and no more assignments from the beginning of the marking period to the interim may be completed for a grade.
 3. Any student that has a failing grade below a 65 at the end of the marking period has 2 weeks to make up missing assignments from the Interim to the end of the marking period. After 2 weeks, the window closes. Once all of the assignments are completed within that window, the minimum passing grade of 65 will be earned on each assignment.
