

# Miss DeLisa's At Home Math Work

The following assignments are available on the Big Ideas website. The students can access the assignments the same way we access them in class- under the "assignments" tab at the top. In the event that your child can not access the online platform all of the assignments correspond to a textbook page and can be completed on a sheet of paper using the textbook via web, app, or the actual book. **If they do the work online they do not need to do the textbook page.** Students should try to complete 10-20 Prodigy questions to stay sharp on their math skills.

**Resources-** Students should use the resources available to them. All students should have a book and were instructed to bring it home. The book is also online at BigIdeasMath.com. The pages that correspond to the section and come before the assignment can assist the students with the problems. There are also notes for each chapter and section on Google Classroom under the "classwork" section. Students can also Google search concepts. I will work to include links to videos for students who need a refresher. You can see in the list below, I have assigned work from chapters we have already covered in class. **I have created a chat for each class where students can post questions.**

**Every assignment has a calculator on screen. Some questions have a live tutor available.**

Paper copies were made available to students on Friday March 13, 2019 who indicated they needed paper copies. If you need other accommodations to assist with completing the work please reach out to me [jdalisa@longbranch.k12.nj.us](mailto:jdalisa@longbranch.k12.nj.us). Students may also write comments in Google Classroom.

Stay safe and healthy. I will miss you all and hope to see you soon!

**The Big Ideas assignment and textbook assignment are the same exact. Students only have to do one, based on if they have access online.**

Day off of School	Date	Big Ideas Assignment and Name	Book page and problem numbers
1	Monday- 3/16	Section 1.1 - Day 1	Textbook p. 7 #s 1-6 & 8-11
2	Tuesday - 3/17	Section 1.1 - Day 2	Textbook p. 7-8 #s 21, 22, 27, 28, 30, 31, 33, 35-37
3	Wednesday- 3/18	Section 1.2 - Day 3	Textbook p. 14-15 #s 10-16 & 22, 25, 26
4	Thursday- 3/19	Section 1.3 - Day 4	textbook p. 20-21 #s 12, 13, 14, 18, 19, 22, 23, 26, 29, 31
5	Friday- 3/20	Chapter 1 Review - Day 5	Textbook p. 46-47 #s 11, 12, 13, 17, 18, 23, 24, 25, 29
6	Monday - 3/23	Section 2.1 - Day 6	Textbook p. 59-60 #s 4, 5, 6, 12, 21, 26, 28, 50,
7	Tuesday- 3/24	Section 2.2 Day 7	Textbook p. 67-68 #s 8-15 and 46 & 47
8	Wednesday - 3/25	Section 2.5 - Day 8	Textbook p. 90 #s 46, 47, & 52-56
9	Thursday - 3/26	Section 2.6 - Day 9	Textbook p. 98 #s 31-33 & 48-51
10	Friday- 3/27	Section 3.1 - Day 10	Textbook p. 115-116 #s 9, 10, 19, 20, 21, 31, 35, 36, 40, 41
