Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments

F. SUPERINTENDENT'S REPORT

1. PRESENTATION BY A REPRESENTATIVE OF WISS & CO OF THE JUNE 30, 2018 AUDIT

Dave Kaplan presented to the Board the results of the FY2018 audit. He detailed all of the funds that he had reviewed and stated that there were no findings associated with them. With respect to the general fund, Mr. Kaplan commented on the fact that we had about \$1 million in fund balance over last year and that the only finding that will appear on the report is dealing with student funds and the 48 hour rule for deposits. Mr. Kaplan also explained that all school districts in New Jersey are waiting on the State to compile the report that is required to be included in the CAFR under GASB 75. Although according to statute the report is due on December 5th, the State sent out guidance that they will accept the report up until December 21st without penalty. Mr. Kaplan thanked the Board and the administration.

Rev. Bennett arrived at 7:18 P.M.

2. PRESENTATION BY ENERGY SYSTEMS GROUP, JBA ARCHITECTURE AND THE FACILITIES DEPARTMENT - ESCO ESIP PROJECT

Ann Degnan began the presentation with slides showing where the district currently is with respect to boilers, unit ventilators and building management systems. Mrs. Degnan was followed by Valerie Moran and Chris Andrews from Energy Systems Group who gave the Board an overview of the Energy Savings Program with specifics as to what the district can anticipate regarding energy conservation measures. They further explained that this \$9 million project will be funded through savings generated by the Energy Conservation Measures (ECM).

The Board had several questions regarding the project that were answered to the Boards satisfaction.

Dr. Salvatore also commented on a project that was done several years ago regarding solar and how we anticipated receiving a tremendous amount of money from solar credits designed to offset the project costs. Mr. Andrews addressed the comment and stated that SREC's deal with a volatile market and the savings generated here are measured by actual verification and validation of usage. He gave an example that a watt meter is used for instance in this room and would determine how much energy is being consumed prior to the installation of the new LED bulbs and then a measure is done after the room has been retro fitted. That difference is a true savings and has nothing to do with a volatile market.

COMMITTEE MEMBERS:

ADMINISTRATORS:

Michael Salvatore, Ph.D. Alvin Freeman, Ed.D. Roberta Freeman, Ed.D.

We visited the Audrey W. Clark School to learn about action-based learning and kinesthetic classrooms. Action-based learning is rooted in brain research that supports movement and learning. We know that healthy, active students make better learners. Our students are routinely engaged in learning through strategies that make teaching friendly, time-efficient and most importantly – fun for children. Further, we have witnessed an improvement in memory retention, increased focus and less behavioral issues.

We also learned about intervention and referral services. An overview of our multi-tiered support systems were provided to the entire board. Examples of high quality interventions were described. Lastly, a detailed description of our school based youth services (SBYS) program was shared. The unique services we provide through SBYS have helped and continued to help students dealing with sensitive and critical behavioral health issues.

Goal of the Instruction & Programs Committee

The committee members will actively participate in professional dialog pertaining to the state student learning standards, teacher evaluation, student growth objectives, student growth percentiles and PARCC.

The committee members will seek professional learning experiences pertaining to curriculum and instruction with specific focus towards: state student learning standards, teacher evaluation, student growth objectives, student growth percentiles and PARCC.

RECIPROCITY AUTHORIZATION

RECITALS

- 1. Section 1.1(a)(15)(e)(2) of the Client Services Agreement ("CSA"), executed March 16, 2016 between the Board of Education of the City of Long Branch in the County of Monmouth ("LBBOE") and Integrity Health, LLC ("Integrity Health") specifies that Integrity Health may be authorized and directed by LBBOE to perform additional services consistent with the CSA.
- 2. LBBOE and Toms River Regional Board of Education ("TRBOE") each have a Client Services Agreement ("CSA") with Integrity Health to manage their respective employee health benefit plans.
- 3. Pursuant to its respective CSA, each district sponsors a Partnership Health Center ("PHC") as a key component of its health plan. Partnership Health Center Long Branch ("PHCLB") and Toms River Partnership Health Center ("TRPHC") offer similar products and professional services.
- 4. Access to these Partnership Health Centers is optional by covered members and access is limited to them; they are not open to the public.
- 5. Respective PHC costs, including staff salaries and supplies, are born by the respective district's self-funded health plan but not funded through commercial insurance carrier provider contracts. No medical, pharmacy or other types of claims for patient services are generated for reimbursement by the districts nor are co-pays, deductibles or co-insurance collected from the members.
- 6. PHCLB and TRPHC are approximately 30 miles apart, providing reasonable geographical access to members of both districts. Approximately 200 covered members of PHCLB reside closer to TRPHC than PHCLB and similarly, TRBOE has an equivalent number of employees/dependents residing closer to PHCLB.
- 7. For reasons of LBBOE member convenience, and possible financial gain for the health plan associated with increased dependent utilization of PHCLB, LBBOE authorizes Integrity Health to establish an Integrity Health RECIPROCITY Pilot Program ("RECIPROCITY"). RECIPROCITY will grant covered health plan members of LBBOE access to TRPHC services, conditioned upon similar PHCLB access by TRBOE health plan members.
- 8. RECIPROCITY will not involve risk-sharing of health claims liability or financial cross-subsidies between the districts. Integrity Health will ensure that each Partnership Health Center will be fairly compensated for services and products provided to the covered members of the other district, its reciprocal ("RECIPROCAL") in Integrity Health's RECIPROCITY program.
- 9. The self-funded nature of the districts' health plans managed by Integrity Health, coupled with the exclusive nature of Partnership Health Center access and stipulations for RECIPROCITY—specifically those referenced above in Recital 8—permit operations consistent with New Jersey laws pertaining to health, insurance, and local governments sharing services.

Join us in good health.

RECIPROCITY AUTHORIZATION

THEREFORE

Integrity Health is directed to establish RECIPROCITY as follows:

- 1. Prepare an implementation plan for LBBOE approval identifying a start date for an initial 12- month term, periodic performance review dates, financial reconciliation processes and promotional communications. Upon presentation of the implementation plan, Integrity Health will provide evidence to LBBOE of authorization to Integrity Health by TRBOE to implement RECIPROCITY according to provisions consistent with this AUTHORIZATION.
- 2. Establish a cost allocation and reimbursement process ("Settlement") between PHCLB and TRPHC for services rendered to each district's members to preclude health plans of both districts from receiving financial subsidy from each other.
 - a. Charges for products provided to the RECIPROCAL district's members will be made on an acquisition cost or mutually agreed average cost basis. Charges for professional services will be calculated using CMS Medicare standards of reimbursement.
 - b. The process will require Settlement to occur at least twice during the program year. Such Settlement will be prepared by Integrity Health and shared between districts so that each may see and approve all charges incurred for patient visits involved with RECIPROCITY.
 - c. Reimbursements for RECIPROCITY-related charges incurred by a district, billed through the Settlement process, may be offset by charges incurred by its RECIPROCAL.
 - d. Should respective charges and offsets for the districts be equal during the period, no invoices for payment will be submitted by Integrity Health to PHCLB or TRPHC. Should (as expected) there be a net difference between charges and offsets for Settlement, Integrity Health will arrange reimbursement in the amount of the net difference, to the Partnership Health Center whose costs incurred in RECIPROCITY were greater.
 - e. Integrity Health is authorized to receive and issue RECIPROCITY Settlement payments on behalf of PHCLB, in the same manner and with the same Client approvals as now authorized by the Agreement for health plan contracted services.
- 3. Provide periodic reporting to LBBOE in a mutually agreeable format regarding utilization of the program, assessment of any net savings to the health plan generated from it, and its impact on PHCLB operations.
- 4. Prepare and disseminate promotional materials to both districts' health plan members, informing them of access to RECIPROCAL PHC products and services.
- 5. LBBOE may withdraw its approval of RECIPROCITY and its participation at any time with 60-days' notice to Integrity Health. Upon termination of RECIPROCITY, all financial settlement work necessary to ensure LBBOE or TRBOE suffers no continuing liability or obligation for RECIPROCITY products and services will be completed within 30 days.

1613 – Disclosure and Review of Applicant's Employment History (M) (New)

In accordance with the provisions of N.J.S.A. 18A:6-7.6 et seq. effective June 1, 2018 a school district, charter school, or nonpublic school shall not employ for pay or contract for the paid services of any persons serving in a position which involves regular contact with students without a current and prior employment history review for past child abuse or sexual misconduct to be consented to by the applicant, disclosed by a former employer, and reviewed by the school district, charter school, or nonpublic school (hiring entity) considering the applicant for employment. The law has been referred to as "Pass the Trash" and initially required additional clarification prior to Strauss Esmay Associates developing a Policy and Regulation Guide. On June 25, 2018, the New Jersey Department of Education (NJDOE) provided very important Guidance on implementing this new law. However, the Guidance does not address all the issues that need to be included in a hiring entity's Policy and Regulation. Below is a summary of Regulation Guide 1613.

A. FOR HIRING ENTITIES

Step 1 The hiring entity must require every applicant it is going to employ to provide information which includes their current employer and all former employers within the last twenty years that the applicant was employed in a position that involved direct contact with children; a written authorization that consents to current and former employers disclosing certain information; and a written statement as to whether the applicant has any employment history regarding child abuse and/or sexual misconduct.

Notes:

1. The NJDOE developed and provided a Sexual Misconduct/Child Abuse Disclosure Release Form that addresses these requirements. Although the provided Form is not required and a hiring entity may develop its own Form, Strauss Esmay Associates is highly recommending a hiring entity use the NJDOE Form.

- 2. A hiring entity must complete this process for every person it has decided to hire and may require it for all applicants as part of any step in the application process.
- Step 2 The hiring entity must contact the applicant's current and former employers requesting confirmation of the information provided to the hiring entity by the applicant. Strauss Esmay Associates recommends requesting this information by submitting the NJDOE Sexual Misconduct/Child Abuse Disclosure Release Form to all current and former employers.
- Step 3 A NJDOE Sexual Misconduct/Child Abuse Disclosure Release Form completed by the current or former employer(s) is returned and reviewed by the hiring entity.

Note:

The hiring entity may choose whether to continue with the applicant's job application process upon receipt and review of the information provided by the applicant's current or former employers.

Step 4 In the event a current or former employer responds affirmatively to specific questions regarding child abuse and/or sexual misconduct in the applicant's past employment history and if the hiring entity wants to continue the applicant's job application process, the hiring entity shall make further inquiries for additional information or documentation from the applicant's current or former employers.

Note:

The NJDOE provided a Sexual Misconduct/Child Abuse Disclosure Information Request Form that may be used to request additional information or documentation. Although the provided Form is not required and a hiring entity may develop its own Form, Strauss Esmay is highly recommending a hiring entity use this NJDOE Form.

- Step 5 Upon reviewing the additional information provided by the applicant's current and former employers, the hiring entity will make a decision whether to continue with the applicant's job application process.
- Step 6 Providing employment history and requesting child abuse or sexual misconduct information from current or former employers of an applicant is required for all applicants that are hired by the hiring entity and may be, but is not required, for applicants the hiring entity has not yet decided to hire or does not hire.

Note:

The law does not address where the information obtained by a hiring entity throughout this process shall be stored. The Strauss Esmay Guides indicate the documentation obtained for those applicants hired will be maintained in the hired applicant's personnel file. The Strauss

Esmay Guides indicate the documentation obtained for any applicants not hired will be maintained by the Superintendent or designee and will be destroyed in accordance with the New Jersey Department of Revenue-Records Management Services Records Retention and Disposition Schedule.

- B. FOR SCHOOL DISTRICTS, CHARTER SCHOOLS, AND NONPUBLIC SCHOOLS RECEIVING REQUESTS REGARDING A CURRENT OR FORMER EMPLOYEE
 - Step 1 Strauss Esmay Guides require all requests for information regarding a current or former employee be directed to the Superintendent or a person designated by the Superintendent to receive such requests.

Note:

The law does not indicate who is to receive these requests for information and Strauss Esmay Associates recommends these requests be carefully reviewed by the Superintendent or designee.

Step 2 The Superintendent or designee will review the request for information provided the request is in compliance with N.J.S.A. 18A:6-7.6 et seq. and the applicant currently has or had an employment history with the district or school.

Note:

The law does not require a hiring entity use the NJDOE provided Sexual Misconduct/Child Abuse Disclosure Release Form. The information may be requested on a Form locally developed by the hiring entity. In the event hiring entities do not use the NJDOE Form, Strauss Esmay Associates recommends current and former employers have their Board Attorney review those requests.

Step 3 A school district, charter school, or nonpublic school may receive a request for additional information from a hiring entity for a current or former employee regarding child abuse or sexual misconduct for whom the school district, charter school, or nonpublic school has previously provided information. The Superintendent or designee will review the request and provide the information requested in accordance with the provisions of N.J.S.A. 18A:6-7.6 et seq.

Notes:

1. The law does not require a hiring entity use the NJDOE provided Sexual Misconduct/Child Abuse Disclosure Information Request Form when requesting additional information as the information may be requested on a Form locally developed by the hiring entity. In the event hiring entities do not use the NJDOE Form,

- Strauss Esmay Associates recommends current and former employers have their Board Attorney review those requests.
- 2. The law does not address the issue of a school district, charter school, or nonpublic school maintaining any records regarding requests for information. Strauss Esmay Policy and Regulations Guides 1613 require a copy of these requests and the information provided to a hiring entity regarding a current or former employee be maintained by the Superintendent or designee and be destroyed in accordance with the New Jersey Department of Revenue-Records Management Services Records Retention and Disposition Schedule.
- 3. The law does not require it, but the Strauss Esmay Policy and Regulation Guides 1613 require any requests for additional information be provided in writing.
- Step 4 School districts, charter schools, and nonpublic schools have twenty days to provide the information initially requested by a hiring entity regarding a current or former employee in accordance with the requirements of the law. The school district, charter school, or nonpublic school has an additional twenty days to provide any additional information subsequently requested by a hiring entity for a current or former employee.

C. OTHER PROVISIONS IN THE LAW AND IN POLICY AND REGULATION GUIDES 1613

- 1. The hiring entity is not liable for not hiring an applicant when a current or former employer fails to provide the information requested.
- 2. A current or former employer is protected when releasing employment history proving the applicant has completed an appropriate release, which is included in the NJDOE Sexual Misconduct/Child Abuse Disclosure Release Form, and must be included in any locally developed Form.
- 3. There is a provision for a hiring entity to employ or contract with an applicant on a provisional basis pending compliance with the new law.
- 4. There are penalties for an applicant providing false information or for the willful failure to disclose accurate information to the hiring entity.
- 5. The new law has a provision for a hiring entity to terminate employment or rescind an offer of employment if information regarding the applicant's history of sexual misconduct or child abuse is subsequently discovered or obtained by the hiring entity that the hiring entity determines disqualifies the applicant or employee from employment.
- 6. The new law has a section concerning certain actions that are prohibited relative to employment agreements and contracts.

Also included in this Policy Alert is the NJDOE Guidance and Forms dated June 25, 2018. These Policy and Regulation Guides are the same Guides that have been available for download at straussesmay.com since July 13, 2018. The Guides are mandated.

5512 Harassment, Intimidation, and Bullying (Revised)

The New Jersey State Board of Education (NJDOE) approved revisions to the Harassment, Intimidation, and Bullying (HIB) administrative code, N.J.A.C. 6A:16-7.7, on November 1, 2017. The code revisions appear minor, but some of the revisions are complicated in their implementation.

Below are the most significant code revisions:

Principal's Preliminary Determination and District Investigating HIB for Students Attending an Approved Private School for Students with Disabilities (APSSD)

N.J.A.C. 6A:16-7.7(a).2.ix. - A procedure for prompt investigation of violation and complaint reports consistent with N.J.S.A. 18A:37-15.b(6)(a) through (f) and 16.d.

- (1) The procedure set forth in the district board of education policy may include a process prior to initiating an investigation by which the principal, or his or her designee, in consultation with the antibullying specialist, makes a preliminary determination as to whether a reported incident or complaint, assuming all facts presented are true, is a report within the scope of N.J.S.A. 18A:37-14.
 - (A) If a preliminary determination finds the incident or complaint is a report outside the scope of N.J.S.A. 18A:37-14, the determination may be appealed to the district board of education, pursuant to district board of education policies and procedures governing pupil grievances, and thereafter to the Commissioner in accordance with N.J.A.C. 6A:3.
- (2) The procedure also shall include a process by which the district board of education will investigate a complaint or report of harassment, intimidation, or bullying, pursuant to (a)2ix above, occurring on district board of education school buses, at district board of education school-sponsored functions, and off school grounds involving a student who attends an approved PSSD.

(A) The investigation conducted by the district board of education's anti-bullying specialist shall be in consultation with the approved PSSD.

Notification to Parents of Students Involved

N.J.A.C. 6A:16-7.7(a).2.viii - A procedure that allows for reporting, verbally and in writing, an act of harassment, intimidation, or bullying committed by an adult or youth against a student. The procedure also shall include a provision that permits a person to report anonymously consistent with N.J.S.A. 18A:37-15.b(5).

- (1) The district board of education shall not take formal disciplinary action based solely on the anonymous report.
- (2) The school district official shall take into account the circumstances of the incident when providing notification to parents and guardians of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense.

The code revisions giving the Board the option of permitting a Principal to make a preliminary determination with the Principal's decision appealable to the Board of Education; the school district's Anti-Bullying Specialist investigating a HIB complaint regarding a school district student attending an APSSD in consultation with the APSSD; and the school district official's notification to the parents of all students involved in a HIB incident regarding the actual or perceived protected category motivating the alleged offense will be very difficult to implement without additional Guidance from the NJDOE. The NJDOE has indicated they will be providing updated HIB Guidance that will address implementation issues presented in these and other HIB code revisions. Strauss Esmay's preference would have been to update this Policy Guide upon review of the NJDOE Guidance. However, school districts need to adopt an updated HIB Policy for the September 2018 school opening. Therefore, Strauss Esmay Associates decided to provide an updated HIB Policy incorporating the new code revisions in order for school districts to have a legally compliant HIB Policy. Unfortunately, we are not sure how the implementation issues will be addressed in the NJDOE HIB Guidance; therefore, our office will update this Policy again upon receipt and a thorough review of the Guidance.

It is recommended this updated HIB Policy be adopted by Boards at their August Board Meeting. If a Board does not have two meetings in August to approve this updated Policy with two readings, it may adopt the Policy with one reading by suspending Bylaw 0131 with the following motion:

Move the Board of Education suspend the rules of Bylaw 0131 requiring two Board readings to adopt a Policy and adopt Policy 5512 - Harassment,

Intimidation, and Bullying with one reading to have this Policy effective for September 1, 2018.

Robert's Rules requires a two-thirds vote to suspend a rule or order of business.

This Policy must be forwarded to the Executive County Superintendent within thirty days of Board adoption or revision. Any existing Regulation Guide should be abolished as all the legal requirements are included in this Policy Guide. This Policy Guide is the same Policy Guide that has been available for download at straussesmay.com since July 20, 2018. Adoption of this Policy Guide is mandated.

P 5561 Use of Physical Restraint and Seclusion Techniques for Students with Disabilities (M) (Revised)

Use of Physical Restraint and Seclusion Techniques for Students with Disabilities (M) (Revised)

P.L. 2017, Chapter 291, N.J.S.A. 18A:46-13.4 through 13.7, concerning the use of restraint and seclusion techniques on students with disabilities was approved on January 2018. Strauss Esmay provided updated Policy and Regulation Guides 5561 in Policy Alert 215 in April 2018 because the new law was effective immediately. Our office informed school districts these Guides would need to be revised when the New Jersey Department of Education (NJDOE) published guidelines as required in the law. This Guidance was provided by the NJDOE on July 10, 2018. Therefore, Policy and Regulation Guides 5561 have been revised to incorporate provisions of the NJDOE Guidance. The new NJDOE Guidance includes a definition of mechanical restraint, detailed information regarding a post-incident notification to parents, documentation to be collected from each incident, and details regarding training for school personnel. These provisions have been incorporated into the updated Policy and Regulation Guides 5561. The Guidance indicates a Board of Education may choose to not allow the use of restraint and seclusion techniques for students with disabilities. However, if the Board allows restraint and seclusion techniques Policy and Regulation Guides 5561 are mandated. The Policy Guide provides the Board an option whether to allow for the use of restraint and seclusion techniques.

P 8561 Procurement Procedures for School Nutrition Programs (Revised)

The New Jersey Department of Agriculture (NJDA) is currently conducting audits of school districts to verify compliance with the new Federal regulations regarding procurement procedures for the United States Department of Agriculture (USDA) School Nutrition Program. Strauss Esmay Associates worked with the first school district in the

State audited under these new requirements and the NJDA to develop Policy Guide 8561 to ensure compliance with the USDA's new regulations. The new Policy Guide 8561 was provided to school districts in Alert 215 in April 2018. However, Strauss Esmay Associates was recently notified by the NJDA the following statement on page one of Policy 8561 needed to be removed, "FSMC's billing invoices will be monitored to ensure compliance with Federal and State procurement regulations and will comply with any additional monitoring requirements as outlined in the approved FSMC Contract." This revision was recommended to Strauss Esmay by the NJDA and explained in an NJDA Memorandum titled Clarification about School Food Authority (SFA) Monitoring Responsibilities when Contracting with a Food Services Management Company (FSMC) dated July 5, 2018 addressed to School Business Administrators, Charter School Leads, Non-Public School Administrators, and Food Service Directors. The July 5, 2018 NJDA Memorandum also indicates the following:

General Procurement questions should be directed to Emma Davis-Kovacs at (609) 984-1438 or emma.davis-kovacs@ag.nj.gov

Questions specific to the FSMC contracts should be directed to Nani Lepicard at (609) 984-0698 or nani.lepicard@ag.nj.gov

In addition, our office has been contacted by school districts having a difficult time completing the chart under Section A.2. of Policy 8561. As a result, we reached out to the NJDA and informed school districts to hold adoption until the NJDA provided more detailed guidance. The NJDA recently provided our office the attached Form 383 (current as of June 2018) as a guidance document for districts to utilize when completing the chart under Section A.2. of Policy 8561.

School districts participating in any USDA School Nutrition Program, either self-operated or with a FSMC, are required to adopt Policy Guide 8561 making Policy Guide 8561 mandated for those school districts. School districts not participating in a USDA School Nutrition Program are not required to adopt this Policy Guide.

Policy Guide 8561 is MANDATED

C. Enforcement

1. Grades Pre-Kindergarten - Twelve

While recording daily attendance, teachers will also note pupil status regarding uniformity of dress. Procedures for pupils inappropriately dressed are as follows:

1st Offense - Teacher will send home a copy of the Dress Code Reminder Slip. Pupil will be removed from class and placed in alternate location until code is met.

2nd and 3rd 1st Offense - The school will contact parent(s) or legal guardian(s) to fact-find the reason why the pupil was inappropriately dressed. If "uniformity of dress" is a financial burden to the parent(s) or legal guardian(s), the school will utilize related services to provide parent assistance. Other extenuating circumstances will be reviewed. Due to safety and security issues, pupils not conforming to the policy will not be included in field trips, local excursions and possibly outdoor activities. Pupils will be provided with an option to conform. If pupil refuses to conform, pupil will be removed from class and placed in alternate location until code is met.

4th-Offense Academy Administrator/Principal or designee will meet with parent(s) or legal guardian(s) regarding the dress code regulation; and if families do not wish to participate, then the alternative of not continuing in the district preschool will be reviewed as well as the loss of privileges due to pupil safety and school security. Pupil will be removed from class and placed in alternate location until code is met.

2nd Offense: If pupils do not comply to regulation, then consequences such as detention and loss of privileges will be provided.
