**C-1. STATEMENT TO THE PUBLIC**

Dr. Critelli made the following announcement: Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments are available for public review. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

C-1. **STATEMENT TO THE PUBLIC (continued)**

Time may be allocated for public comment at this meeting. Each speaker may be allotted up to three (3) minutes and one (1) opportunity to address the Board when recognized by the presiding officer. Individuals wishing to address the Board shall be recognized by the presiding officer and shall give their names, addresses and the group, if any, that they represent. Although the Board encourages public participation, it reserves the right, through its presiding officer, to terminate remarks to and/or by any individual not in keeping with the conduct of a proper and efficient meeting. **ATHLETIC DEPARTMENT**

**MISSION STATEMENT**

The Long Branch School District believes athletics and extracurricular activities are an integral part of the students' education. We strive to meet high standards of sportsmanship, responsibility, dedication, and devotion to sport, school and family.

The mission of athletic and extracurricular activities is to provide an environment that will compliment and enrich the overall quality of all students' educational experiences. The emphasis of the program is to provide opportunities that encourage the pursuit of lifetime activities, a sense of commitment and teamwork, and the development of personal character while maintaining an environment that values cultural diversity and gender among its students, athletes, coaches, and advisors.

**PHILOSOPHY**

Athletic and extracurricular programs are an extension of the academic day where our coaches/advisory staff is charged with the responsibility of challenging and developing students, both technically and emotionally, in a positive manner, using both praise and constructive criticism.

As members of the Long Branch School District athletic and extracurricular program, students and coaches/advisors are expected to demonstrate proper respect for each other, other teams, coaches, teammates, officials, spectators and equipment. Student athletes, coaches and advisors are expected to exhibit the highest level of conduct, both on or off the playing field, and in and out of the classroom as they are, at all times, representatives of their team, school and community.
