C-1. STATEMENT TO THE PUBLIC

Mrs. Perez made the following announcement: Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments are available for public review. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

C-1. **STATEMENT TO THE PUBLIC (continued)**

Although the Board encourages public participation, it reserves the right, through its presiding officer, to terminate remarks to and/or by any individual not in keeping with the conduct of a proper and efficient meeting. With the exception of those individuals whose names are on the agenda this evening, the Board will not respond to questions during the public participation portion of this meeting involving the employment, appointment, termination of employment, negotiations, terms and conditions of employment, evaluation of the performance of, promotion or disciplining of any specific, prospective or current employee.

<u>Name</u>	<u>Grant</u>	<u>Amount</u>
Emily Magrini	IDEA Preschool	\$53,063

Motion was made by Mrs. Youngblood Brown, seconded by Mrs. Perez –

Mrs. Perez – Any discussion?

Mrs. Peters – Yes, I would like to say that I know we had this item on the agenda in the past. I am for shared services however I would like to perhaps have further discussion, even though it has been beat to death, in reference to the stipends.

Mrs. Perez – Are you asking for clarification?

Mr. Taylor – Is the question what the amount of the stipends are? If so that can be stated publicly or is the question about negotiations and/or discussion about whether the amount should be higher or lower.

Mrs. Peters – It is a matter of how the employees are being given the stipend and how it is being allowed.

Mr. Taylor – If I may Mrs. Peters, that question should be addressed in closed executive session as it is a personnel matter.

Mrs. Peters – OK. I don't want to know any particular individual. What I am saying is the stipend hopefully is being granted to individuals who are not on our payroll at the same time that they are receiving the stipend. For example, you have a coach. Coaches are usually after school hours and the stipend that they receive is based on the extra hours that they spend on their coaching duties. In this particular case, I am not sure and again, I don't necessarily want to point anyone out, I don't know and I don't necessarily need to know exactly who does what and at what time but I am just saying that that is the reason why I am going to vote the way that I am going to vote.

Mr. Taylor – I will defer to Mr. Rodriguez to respond. It is my understanding that these stipends are in the matter of being recommended in accordance with an arrangement that has been in effect for several years between the school district, municipality and other public entities in Long Branch. There is a fee that is realized by the Board of Education and then a smaller portion of that fee is attributed to the employees performing the services. I will defer to Mr. Rodriguez.

Mr. Rodriguez – Mrs. Peters, to answer your question, yes these staff individuals go above and beyond the normal day and time that they are being compensated for.

Mrs. Peters – Do we have the contracts already?

Mr. Rodriguez – Yes.

Mrs. Peters – Is this the first time that we have had a contract?

Mr. Rodriguez – We have had this in the past for many years.

Mrs. Peters – I know we have had shared services for many years but this particular contract for this year?

Mr. Taylor – My office is actually working with Mr. Genovese's office on the preparation of a contract. I do believe admittedly that in the past the district had more of an MOU or an understanding between the parties codified by the resolutions passed by this Board and presumptively by the other entities but we are looking to heighten past practices by having a written contract which further establishes the rules and the obligations of the parties but that being said, a resolution is sufficient generally but to your point, we are going to establish a contract so there is more direction to it.

Mrs. Peters – Will the Board be able to see the contract?

Mr. Taylor – Of course. You can see any contract that you want to see.

Mrs. Peters – Thank you.

Mr. Rodriguez – Thank you Mrs. Peters.

Mr. Zambrano – You should see the contract first before you do the salaries because if you do the salaries and agree on these salaries, then it is automatic with whatever is in that contract. Ocean Township in June did shared services with the municipality. In their shared services agreement, there was a 6 page contract in their agenda so that everyone can see what the obligations and duties are. In fact, some of them were duties that were custodial duties for the municipality of Ocean Township and there was a 7 page detailed list of what their duties were going to be, what they should do and as I said, it was shown in the contract in the minutes. Actually, we are voting on something and we don't even know what the contract looks like.

Mr. Taylor – If I may, it is my understanding that this issue, this concept, this shared services arrangement which has been in effect for the past several years between the school district and the Board of Education, was reviewed thoroughly and exhaustively at prior committee meetings of the Board and in fact was voted on and authorized by the Board.

Mr. Zambrano – This Board never saw the contract, even before that, since it has been here and that has been the last 3 years. We never saw a contract with these shared services. I don't know if anyone else on the Board agrees with me on this, if they saw the contract, yes or no, but I never saw one and I can go down the row and probably everyone else will say they never saw one.

Mr. Taylor – I have already acknowledged that per my conversation with the administration that there was not. I will say it again, there was not a contract in the past but there was a

Mr. Zambrano – I am asking and maybe even Vi is asking to see a contract before we vote on this so we know what we are voting on and what they are actually doing. That is what it comes down to so it is up to the Board to do what they want to do.

Mr. Taylor - There is no legal prohibition to the Board voting to approve a good or a service to be procured/purchased without seeing the contract in advance as long as you have the general information of the terms; the length of the contract and the amount which you have. You have the stipend amounts

so for instance, I will use my firm as an example. When you voted initially several years ago to approve my firm as your legal advisor, your attorney, you didn't have a contract in front of you. You had an RFP with an hourly rate. The contract was submitted after the fact. The RFP's on tonight's agenda. You have a number of contracts that you are approving tonight but you don't have the contract in front of you. However, if as a general practice or protocol from a governance stand point this Board of Education wants this administration to provide you with a copy of every contract that is on an agenda, at a committee meeting, at your work session meeting the night before, you can have that. But the prior practice of this Board was not to require those documents. As I indicated, my understanding is that this issue has been a recurring service and agreement between the City of Long Branch and the Long Branch Board of Education and I believe another entity in the City of Long Branch for several years; that the Board has for several years voted on the parameters of the arrangement, ie the people, the stipend amount and the scope of services and as I indicated to Mrs. Peters, that because of the questions that came up back in March or April when this was already previously approved. You already approved this engagement between the City and the Board. Right now this probably could have just been on the bill list.

Mr. Zambrano – We approved it but we would like to see the contract because even last night at the Finance meeting I asked Pete can we see the contract.

Mr. Genovese – As we stated before, the contract has not been drafted in its full version yet.

Mr. Zambrano – It should be drafted and the Board should see it and then you agree on this. There could be different terms here. You can do whatever you want. I'm just bringing it up.

Mr. Taylor – My partner has been working with Mr. Genovese to finalize the contracts.

Mr. Zambrano – This has been since March that we discussed this. It is August already and we are going into September.

Mr. Taylor – My office hasn't been involved since March. We became involved recently but again, we are working on that. The contract will codify and memorialize the terms and conditions that have already been approved by the Board as well as what is on the agenda tonight with respect to the stipend amounts, which from what I understand they are within the parameters of the hourly and/or daily amounts as well as the gross amount approved by the Board. The contract will reflect and memorialize exactly that.

Mr. Rodriguez – Thank you Mr. Zambrano and Mrs. Peters.

Mrs. Perez – Mr. Genovese, as best as you can please memorialize this conversation in the minutes in writing.

Mr. Genovese – Yes I will.

Mr. Garlipp – If I could, just one additional thing for my own clarification. Mr. Taylor, you mentioned that this was already approved as of March or April and it seems to go along with what Mr. Zambrano said as well, that come the following March or April when we are looking at this full agreement again, if that could be done in a way where the contracts are available and honestly if we are going to agree upon or vote on it in March or April it seems to me that it would make more sense if it was agreed upon then and then we are not bringing it up again 4 months later. From my understanding with the compensation that the numbers have been adjusted, there has been a slight adjustment that will increase revenue for the Board of Education but that in and of itself this agreement has already been approved by this Board.

Mr. Rodriguez – Yes.

Mr. Francisco Rodriguez, Superintendent
Long Branch Public School District
540 Broadway
Long Branch, New Jersey 07740

Dear Mr. Rodriguez:

Pursuant to the requirements of *N.J.A.C. 6A:30*, the Long Branch Public School District has undergone the New Jersey Quality Single Accountability Continuum (NJQSAC) review. The Monmouth County Executive County Superintendent and team conducted a review of the school district's self-assessment on the District Performance Review (DPR) document to verify the school district's compliance with all five areas of NJQSAC. Based on that review, the school district has been placed on a continuum in the five NJQSAC areas which are, Instruction and Program, Fiscal Management, Governance, Operations and Personnel. The completed NJQSAC county office review resulted in the district receiving the following placement scores for each area listed below:

NJQSAC Areas	Initial Placement (August, 2023)
Instruction and Program	80%
Fiscal Management	90%
Governance	88%
Operations	95%
Personnel	100%

These placement results will be provided to the State Board of Education at an upcoming meeting. Please be advised that NJQSAC regulations require the district board of education to report these placement results at the next regularly scheduled board meeting.

I am pleased to inform you that your district has satisfied at least 80% of the weighted indicators in each of the five areas of the NJQSAC review process and has been designated as "high performing." The Commissioner will recommend to the State Board of Education that the district be certified as providing a thorough and efficient system of education, for a period of three years or until the next NJQSAC review. Congratulations on this accomplishment.

Pursuant to *N.J.A.C. 6A:30-4.1*, if you believe that any indicators were scored incorrectly, you have seven days from the receipt of this letter to submit a written reconsideration request and supporting documentation. Email your request and accompanying documents to qsac@doe.nj.gov.

Sincerely,

A. Robert Gregory
Executive Director
Division of Field Support and Services

P 0144 – Board Member Orientation and Training (Revised)

N.J.A.C. 6A:28 – School Ethics Commission has been re-adopted by the New Jersey State Department of Education with revisions. These revisions were formally approved on March 3, 2023. Bylaw Guide 0144 is the only Guide affected by the revisions to N.J.A.C. 6A:28. Revisions to N.J.A.C. 6A:28-4.1 change the requirement for a Board Member to receive their initial training from “during the member’s first term” to “within 90 days” of a new Board member’s first term. That initial training must include instruction on a Board member’s responsibilities regarding the School Ethics Act. Strauss Esmay has made this revision and Bylaw Guide 0144 is recommended.

Bylaw Guide 0144 is **RECOMMENDED**

P 2520 – Instructional Supplies (M) (Revised)

R 2520 – Instructional Supplies (M) (Revised)

Policy and Regulation Guides 2520 have been revised to reflect current best practices. These revised Guides allow for the Superintendent to designate a staff member to develop regulations for the selection and utilization of instructional supplies. Regulation Guide 2520 has been revised to remove the blanks and provide the Principal or designee the responsibility for the inventory and distribution of supplies. The process outlined in Regulation Guide 2520 may be revised to reflect local practices. Policy and Regulation Guides 2520 are mandated in accordance with N.J.S.A. 18A:34-1.

Policy Guide 2520 is **MANDATED**

Regulation Guide 2520 is **MANDATED**

P 3217 – Use of Corporal Punishment (Revised)

P 4217 - Use of Corporal Punishment (New)

Policy Guide 3217 has been revised to align directly with the governing statute N.J.S.A. 18A:6-1. Policy Guide 3217 addresses the situations in which it is appropriate for staff members to use force when dealing with a student. Policy Guide 4217 has been developed to address the requirements in N.J.S.A. 18A:6-1 for support staff members because the statute requires compliance by any person employed by the Board. Policy Guides 3217 and 4217 are recommended.

Policy Guide 3217 is **RECOMMENDED**

Policy Guide 4217 is **RECOMMENDED**

P 5305 – Health Services Personnel (M) (Revised)

N.J.A.C. 6A:16-2.3 has been re-adopted by the New Jersey State Board of Education with revisions. N.J.A.C. 6A:16-2.3 outlines the roles and responsibilities of the school physician, certified school nurse, certified school nurse/non-instructional, and non-certified school nurse. Strauss Esmay revised Policy Guide 5305 to include language from N.J.A.C. 6A:16-2.3 addressing the requirements for the school physician’s license status and required employment contract, and to incorporate all of the provisions of N.J.A.C. 6A:16-2.3. Policy Guide 5305 is now mandated as the requirements for school district medical personnel should be adopted by the Board based on the recent pandemic and increased scrutiny on a district’s practices concerning medical care of students and staff.

Policy Guide 5305 is **MANDATED**

P 5308 – Student Health Records (M) (Revised)
R 5308 – Student Health Records (M) (Revised)

N.J.A.C. 6A:16 – Programs to Support Student Development and N.J.A.C. 6A:32-7 – Student Records have been re-adopted by the New Jersey State Department of Education with revisions. Strauss Esmay has updated Policy and Regulation Guides 5308 with minor revisions due to language changes in N.J.A.C. 6A:16-2.4 and 6A:32-7.4. Policy and Regulation Guides 5308 must be adopted by the Board and are mandated.

Policy Guide 5308 is **MANDATED**
Regulation Guide 5308 is **MANDATED**

P 5310 – Health Services (M) (Revised)
R 5310 – Health Services (M) (Revised)

N.J.A.C. 6A:16 – Programs to Support Student Development has been re-adopted by the New Jersey State Department of Education with revisions. Policy and Regulation Guides 5310 have been updated to address the revisions to N.J.A.C. 6A:16-1.3, 2.1, and 2.2. These Administrative Code revisions are minimal and include updates to terminology and a reordering of the provisions in the Administrative Code. Policy and Regulation Guides 5310 have been revised to address these changes. In addition, Policy Guide 5310 has been revised to remove provisions that are duplicated verbatim in Regulation Guide 5310. Policy and Regulation Guides 5310 must be adopted by the Board and are mandated.

Policy Guide 5310 is **MANDATED**
Regulation Guide 5310 is **MANDATED**

P 6112 – Reimbursement of Federal and Other Grant Expenditures (M) (Revised)
R 6115.01 – Federal Awards/Funds Internal Controls – Allowability of Costs (M) (New)
P 6115.04 – Federal Funds – Duplication of Benefits (M) (New)
P 6311 – Contracts for Goods or Services Funded by Federal Grants (M) (Revised)

The New Jersey Department of Education (NJDOE) – Office of Fiscal Accountability and Compliance (OFAC) recently completed a Carl D. Perkins Federal Grant Audit for a school district and the NJDOE recently completed Federal Integrity Audits related to Federal COVID-19 funding conducted by the NJDOE in school districts. As a result of these Audits, the NJDOE is requiring one new Policy Guide 6115.04, revisions to two existing Policy Guides 6112 and 6311, and a new Regulation Guide 6115.01.

These Policy and Regulation Guides apply to Federal grants and Federal funds received by a school district. The revisions are as follows:

1. **Policy Guide 6112 (M) (Revised)** – An OFAC Audit indicated the Carl D. Perkins Career and Technical Act of 2006 has been recently renamed to the Strengthening Career and Technical Education for the 21st Century Act. Policy Guide 6112 has been updated to include this revision and is mandated.

Policy Guide 6112 is **MANDATED**

2. **Regulation Guide 6115.01 (M) (New)** – An OFAC Audit indicated the school district should have a procedure/regulation to include, among other things, a description of the process used in the district for grant and budget development through the close-out of a grant. In addition, OFAC recommended the district's regulation should include a required training tool and guide for employees to be developed locally by the district. Strauss Esmay developed a new Regulation Guide 6115.01 that provides a basic process a school district may use for Federally-funded programs and grants. A school district should review the procedures outlined in Regulation Guide 6115.01 and should make any revisions to reflect the process used in the district if the process used in the district is different than the process provided in Regulation Guide 6115.01. Regulation Guide 6115.01 is mandated and must be adopted by the Board.

Regulation Guide 6115.01 is **MANDATED**

3. **Policy Guide 6115.04 (M) (New)** – A Federal Integrity Audit required a school district to have a policy that addresses duplication of benefits. Duplication of benefits occurs when a person, household, business, government, or other entity receives financial assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need for assistance. Strauss Esmay developed a new Policy Guide 6115.04 that requires a school district to identify and prevent duplication of benefits. Policy Guide 6115.04 is mandated.

Policy Guide 6115.04 is **MANDATED**

4. **Policy Guide 6311 (M) (Revised)** – An OFAC Audit indicated a school district needed a Policy Guide requiring vendor suspension and disbarment checks completed by the school district for the purchase of goods or services funded by a Federal grant. The Policy Guide should indicate these checks are applicable for contracts or purchase orders over \$25,000, unless the district chooses a lower threshold; the Federal System for Award Management (SAM) is accessible at www.sam.gov; and compliance with the provisions of Policy Guide 6311 must be demonstrated with written evidence. Policy Guide 6311 has been revised to include these provisions and is mandated.

Policy Guide 6311 is **MANDATED**

P 7440 – School District Security (M) (Revised)
--

N.J.S.A. 18A:41-7.1 was recently revised. Prior to this revision, the district was required to provide local law enforcement copies of current blueprints and maps of all schools and school grounds in the district and to provide revised copies to law enforcement upon making any changes. N.J.S.A. 18A:41-7.1 now requires the district to provide local law enforcement authorities with "critical incident mapping data" for all schools and school grounds and any subsequent revisions to the "critical incident mapping data". The revised statute provides a description of "critical incident mapping data" and this new requirement replaces the old requirement of providing blueprints or maps. Policy Guide 7440 has been revised to reflect the revisions to N.J.S.A. 18A:41-7.1, addresses the statutory requirements in detail, and includes the statutory definition of "critical incident mapping data". Policy Guide 7440 is mandated.

Policy Guide 7440 is **MANDATED**

P 9100 – Public Relations (Abolished)

A district may have Policy Guide 9100 – Public Relations in their Policy Manual, which includes similar language that is included in N.J.A.C. 6A:23A-5.2 and Policy Guide 9120. Policy Guide 9120 is mandated as a result of the State Board of Education adopting Fiscal Accountability, Efficiency, and Budgeting Procedures (Accountability Regulations) first introduced in 2009. N.J.A.C. 6A:23A-5.2 requires a public relations and professional services policy consistent with the provisions of the Administrative Code. The public relations provisions of N.J.A.C. 6A:23A-5.2 are included in the mandated Policy Guide 9120. As Policy Guide 9100 is not a mandated Policy and the provisions of Policy Guide 9120 are mandated by N.J.A.C. 6A:23A-5.2(a), it is recommended Policy Guide 9100 be abolished.

Policy Guide 9100 is **ABOLISHED**

P 9140 – Citizens Advisory Committees (Revised) **R 9140 – Citizens Advisory Committee (M) (Abolished)**

Policy Guide 9140 is a long-standing Policy Guide establishing citizens advisory committees that are required for some Federal and State funded programs. However, over the years, Strauss Esmay Associates has included a funded program requirement for a citizens advisory committee in specific Policy Guides addressing the program, statute, and/or Administrative Code. Therefore, Policy Guide 9140 is no longer mandated. However, Strauss Esmay recommends a Board consider adopting updated Policy Guide 9140 as the Board may want a Policy that authorizes citizens advisory committees for other purposes. There is no legal requirement for Policy Guide 9140 and a Board may revise Policy Guide 9140 to meet local needs. In addition, it is recommended Regulation Guide 9140 be abolished as Policy Guide 9140 includes similar information.

Policy Guide 9140 is **RECOMMENDED**
Regulation Guide 9140 is **ABOLISHED**
