C-1. STATEMENT TO THE PUBLIC

Mrs. Perez made the following announcement: Often times it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments are available for public review. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

C-1. STATEMENT TO THE PUBLIC (continued)

Time may be allocated for public comment at this meeting. Each speaker may be allotted up to three (3) minutes and one (1) opportunity to address the Board when recognized by the presiding officer. Individuals wishing to address the Board shall be recognized by the presiding officer and shall give their names, addresses and the group, if any, that they represent. Although the Board encourages public participation, it reserves the right, through its presiding officer, to terminate remarks to and/or by any individual not in keeping with the conduct of a proper and efficient meeting. With the exception of those individuals whose names are on the agenda this evening, the Board will not respond to questions during the public participation portion of this meeting involving the employment, appointment, termination of employment, negotiations, terms and conditions of employment, evaluation of the performance of, promotion or disciplining of any specific, prospective or current employee.

4. SCHOOL PRESENTATIONS

Morris Avenue Early Childhood Learning Center

The Morris Avenue Early Childhood Learning Center hosts our STEM magnet program, so naturally, science is everywhere! Tonight's video presentation, "It Starts with Science", provides a glimpse into some of the amazing lessons and resources our students get to utilize here at school. Watch as our students perform experiments in our science lab and transform into scientists and engineers before our very eyes. The students begin the journey with learning about topics such as magnetism, buoyancy, and convection currents. They also see how materials dissolve in liquids and how brown organic material will make great compost for our community garden in the spring. All of our experiments start with predictions as part of the scientific method. This foundation of scientific research and exploration will help propel our students into the many diverse fields of science. In addition to our designated science lab, the students learn about animal habitats and plants while visiting our tortoise "Taco" and tending to our community garden. Science is indeed everywhere at Morris Ave ECLC.

Joseph M. Ferraina Early Childhood Learning Center

The Joseph M. Ferraina Early Childhood Learning Center is the first stop for many of our Long Branch students' educational journey. It is our job to plant those seeds to help make them successful and independent learners. Tonight's video presentation celebrates the "Beautiful Beginnings" this 2022-2023 school year has brought thus far. In this video, we will highlight many things such as the implementation of Physical Education at the Early Childhood level for both Kindergarten and Preschool students; our school-wide initiatives that celebrate the Rockstar of the Week and the Student of the Month will be highlighted as well as the new ways we celebrate them together with their families; our C4L Preschool curriculum in both Prek 3 and Prek 4 classrooms. This school year has allowed JMF the opportunity to invite our parents back into school to participate in events such as the Thanksgiving Feast, Gingerbread House and Holiday Crafts, and a new PTA Cookies with Santa event. Finally, highlighting the importance of that school-home connection, we initiated a Proud Parents monthly activity which directly correlates with our social emotional learning goals in place to support our youngest learners. We are so excited to introduce our brand new SEL lounge for staff which was led by the SEL committee members. Please join us in celebrating how the best time for New Beginnings is NOW.

Mr. Rodriguez stated that Mrs. Smith, a district bus driver, had a situation where a child became in distress on her bus. She immediately went into action, keeping the other children safe, and secured the proper assistance for the child.

WHEREAS, the Alliance For Competitive Energy Services (hereinafter referred to as "ACES"), an alliance composed of the New Jersey School Boards Association (hereinafter referred to as "NJSBA"), the New Jersey Association of School Administrators, and the New Jersey Association of School Business Officials, will from time to time during the Effective Period as defined below solicit bids from electric power suppliers for electric generation services through an energy aggregation program in which NJSBA will act as Lead Agency of the ACES Cooperative Pricing System #E8801-ACESCPS in accordance with the "Public School Contracts Law", N.J.S.A. 18A:18A-1 *et seq.*, and the Electric Discount and Energy Competition Act, N.J.S.A. 48:3-49 *et seq.* ("EDECA") and the regulations promulgated thereunder; and

WHEREAS, the Long Branch Board of Education is a Participating member of the ACES Cooperative Pricing System and is eligible thereby to obtain electric generation services for its own use through one or more contracts to be awarded to electric power suppliers following said bids for electric generation services pursuant to the aggregation program; and

WHEREAS, the Lead Agency will from time to time during the Effective Period (from date of adoption through May, 2028 hereinafter referred to as "Effective Period") issue one or more Requests for Bids for electric generation services on behalf of the ACES Cooperative Pricing System pursuant to the Public School Contracts Law and EDECA; and

WHEREAS, due to significant volatility and the potential for price increases in the wholesale electric market, Participating Members will preauthorize the Lead Agency to award contracts for Electric Generation Service in each service territory to one or more electric power suppliers that submit bids which are reasonably forecasted to provide estimated savings to the Participating Member based upon its previous electric usage and utility provided Basic Generation Service rates; and

WHEREAS, the Lead Agency will only award contracts for said electric generation services to electric power suppliers that submit bids with pricing reasonably estimated to be lower than the utility-provided basic generation service; and

WHEREAS, the District agrees to purchase all electric power needed for its own use (exclusive of on-site electric generation sources) during the Effective Period through any electric power supplier(s) awarded a contract, it being understood that the term of any one contract shall be subject to the provisions of Public School Contracts Law;

WHEREAS, the Lead Agency will notify the Department of Community Affairs' Division of Local Government Services by mail prior to the issuance a Request for Bids for electric generation services, with the understanding that if the Division of Local Government Services does not respond within 10 business days, it will be deemed to have approved the issuance of the Request for Bids or the Request for Rebids.

NOW, THEREFORE BE IT RESOLVED that the District binds itself to the ACES Cooperative Pricing System ##E8801-ACESCPS to purchase all electric power needed for its own use (exclusive of on-site electric generation sources) during the Effective Period from the electric power supplier or suppliers awarded a contract for electric generation services by the Lead Agency; and, be it

FURTHER RESOLVED that the Lead Agency of the ACES Cooperative Pricing System is hereby authorized to execute a master performance agreement that obligates the district to purchase electricity at the terms and conditions stated therein with a third-party supplier or suppliers who have been awarded the contract or contracts by the Lead Agency on behalf of the participating members of the ACES Cooperative Pricing System #E8801-ACESCPS (or any CPS number to be assigned in the future), and provided further that all such contracts shall be at prices reasonably forecast and estimated by the Lead Agency to provide savings to the Districts relative to the price charged for basic generation service by the electric public utility that would otherwise provide such service; and, be it

FURTHER RESOLVED that ACES is authorized to continue to bid to obtain electric generation services at any time during the Effective Period on behalf of the ACES Cooperative Pricing System including, for example, a rebid if energy market conditions do not initially lead to a successful bid, on additional dates to be determined by the Lead Agency; and

FURTHER RESOLVED that this Resolution shall take effect immediately upon passage. The authorization provided to the NJSBA pursuant to the Local Public Contracts Laws (N.J.S.A. 40A:11-11(5)), and the Local Public and Public School Contracts Laws Administrative Code (N.J.A.C. 5:34-7.1 et seq.) shall be valid until May, 2028 (the Effective Period) at which time the Cooperative Pricing System will be subject to renewal. Any rescission or expiration of this resolution shall not affect any Agreements entered into prior to such rescission or expiration.
