Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments are available for public review. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

F. SUPERINTENDENT'S REPORT

Mr. Rodriguez – Welcome to the August Board meeting. I would to thank the students, parents and staff who participated in the summer learning programs. It was exciting to see students not only learning but enjoying several recreational activities. I was able to spend some time with them at our community pool. We do have our own pools on site in our district but it was nice to partner with the YMCA to provide some life skill opportunities as it related to swimming for our students. That program started about 3 years ago with approximately 50 students and it has grown to a little over 100. It is exciting to see that. I want to thank the students and the parents for their continued support and the staff for creating those learning opportunities for our students. I also want to thank all of the new teachers who took part in our new teacher orientation today. It was nice to kick start the year although school officially starts next week. For myself, the team and the Board members today is the unofficial start to our school year so it is exciting to see all of the new teachers. We are very excited to see you learn, grow and provide opportunities to our students. I also want to take this time to thank our custodians, tech team, our administrators and all of our support and administrative staff that have been working diligently over the summer to make the first day of our school year really special. Let's give them a round of applause. Thank you!

P 0141 – Board Member Number and Term (Revised)

P 0141.1 – Board Member Number and Term – Sending District (Revised)

P 0141.2 – Board Member Number and Term – Receiving District (Revised)

Bylaw Guides 0141, 0141.1, and 0141.2 address the number and term of Board members and the term of Board members filling a Board vacancy. Bylaw Guides 0141.1 and 0141.2 have been completely rewritten to provide additional details of the statutes governing Boards in a send-receive relationship. Bylaw Guide 0141 for districts not in a send-receive relationship was not rewritten and includes strike through and bold revisions. A separate Bylaw Guide 0143 addresses the detailed process to be used by a Board when filling a vacancy and is not affected by the revisions in Bylaw Guides 0141, 0141.1, and 0141.2. A Board sending students to a district under a send-receive relationship should adopt Bylaw 0141.1, a Board receiving students under a send-receive relationship should adopt Bylaw 0141.2, and a Board not in a send-receive relationship should adopt Bylaw 0141.

P 0164.6 – Remote Public Board Meetings During a Declared Emergency (M) (Abolished)

Legislation was approved during the COVID-19 pandemic that authorized the Director of the Division of Local Government Services to promulgate emergency regulations, codified at N.J.A.C. 5:39-1.1 through 1.7, establishing required protocols for a public Board of Education to conduct remote public Board meetings during a Governor-declared state of emergency. In response, the New Jersey Department of Community Affairs (NJDCA) published Local Finance Notice, LFN 2020-21 – September 24, 2020 – New Emergency Regulations: Remote Public Meetings Held During a Declared Emergency to provide guidance on the new regulations (N.J.A.C. 5:39-1.1 through 1.7). Strauss Esmay developed Bylaw Guide 0164.6 that was aligned with the emergency administrative code, N.J.A.C. 5:39-1.1. These emergency regulations are now expired and Bylaw Guide 0164.6 should be abolished. Strauss Esmay has received inquiries from school districts as to whether a Board may conduct remote meetings or some version of hybrid in-person/remote Board meetings when there is not a declared emergency. Strauss Esmay recently requested an opinion from the NJDCA asking if remote Board meetings that were permitted during the COVID-19 declared emergency are still permitted, and if so, would the same protocols that were included in the emergency regulations be used. Furthermore, Strauss Esmay also requested clarification from the NJDCA if such a remote Board meeting is permitted under the Open Public Meetings Act. A Board that wants to consider conducting hybrid in-person/remote Board meetings should consult their Board Attorney. In the interim, the Board should abolish Bylaw Guide 0164.6 as the emergency administrative code that was adopted permitting remote Board meetings during the COVID-19 declared emergency has expired. Strauss Esmay is monitoring this issue and will provide policy guidance upon receiving legal authority from the State for a Board to conduct remote Board meetings.

Bylaw Guide 0164.6 is **ABOLISHED**

Policy Guide 2200 has been revised to remove a list referencing numerous New Jersey Student Learning Standards (NJSLS). This list did not include all the standards, and since NJSLS standards are continually changing, it is appropriate to remove reference to specific NJSLS standards from Policy Guide 2200. Removal of the list avoids Policy Guide 2200 becoming non-compliant if any of the listed standards were to change or additional standards are added. Strauss Esmay is also updating any reference to “New Jersey Core Curriculum Content Standards” to “New Jersey Student Learning Standards” whenever a Policy or Regulation Guide is revised or newly developed and included in a Policy Alert. If an existing Policy or Regulation Guide still references “New Jersey Core Curriculum Content Standards,” it is because the Guide has not been revised in a Policy Alert since the change to “New Jersey Student Learning Standards.” Strauss Esmay previously addressed this issue by revising Bylaw Guide 0000.02 to add the following definition: “*Core Curriculum Content Standards*” means the “*New Jersey Student Learning Standards*.” This definition ensures anytime an existing Policy or Regulation Guide references standards from the “New Jersey Core Curriculum Content Standards” it means standards from the “New Jersey Student Learning Standards.” This also eliminates the need for a Board to revise a policy or regulation just to revise this term because eventually all statutes, administrative codes, and Policy and Regulation Guides will reference the “New Jersey Student Learning Standards.”

The current Comprehensive Equity Plan – Section III. – A. requires a Board policy to substantiate compliance making Policy Guide 2200 mandated. To substantiate compliance with the current Comprehensive Equity Plan – Section III. – A., a Board is required to adopt a policy to ensure curriculum and instruction are aligned with the New Jersey Student Learning Standards.

P 3160 – Physical Examination (M) (Revised)
 R 3160 – Physical Examination (M) (Revised)
 P 4160 – Physical Examination (M) (Revised)
 R 4160 – Physical Examination (M) (Revised)

The New Jersey Department of Health (NJDOH) updated their Guidance for Tuberculosis (TB) Testing in New Jersey Schools (2023 Guidance). The NJDOH indicated this update limits TB screening in New Jersey schools for teachers/other employees and only those students who are at the highest risk for TB infection. The revisions in the 2023 Guidance recommend limiting or reducing some of the screening requirements from the 2016 Guidance regarding students coming from other countries and circumstances when a new staff member should be given a TB test. Strauss Esmay is recommending Policy and Regulation Guides 3160 and 4160 be revised to state the “Board of Education will follow the current NJDOH Guidance for Tuberculosis (TB) Testing in New Jersey Schools” so these Policy and Regulation Guides do not need to be revised every time the Guidance is updated by the NJDOH. School nurses are familiar with the details of the 2023 Guidance. Any reference to specific requirements of the 2016 Guidance included in Regulation Guides 3160 and 4160 has been removed. Policy and Regulation Guides 3160 and 4160 have been updated to indicate a district will comply with the most recent NJDOH Guidance.

A district that does not want to comply with the NJDOH 2023 Guidance should review any proposed revisions with district nurses and the school physician before incorporating any changes from the 2023 Guidance into Policy and Regulation Guides 3160 and 4160.

There are a few minor revisions in the optional Section H. of Regulation Guides 3160 and 4160 regarding pre-employment drug testing. As a result of the recreational use of marijuana/cannabis being legalized in New Jersey, marijuana is no longer a controlled dangerous substance under New Jersey law, N.J.S.A. 2C:35-2. Therefore, pre-employment testing for “controlled dangerous substances” as defined in N.J.S.A. 2C:35-2 would not include testing for the presence of THC (the principal psychoactive

constituent of cannabis). However, a district that wants to require the pre-employment screening for drugs to include screening for THC should specifically indicate the pre-employment screening will include screening for THC in their Policy and Regulation. A Board should also consult their Board Attorney regarding the impact of a positive test result for THC from a prospective employee. The requirements of a health history and health screening in Section B. of Regulation Guides 3160 and 4160 were based on prior administrative code that indicated the minimum requirements for the pre-employment physical examination. These requirements may now be determined by the district and may be revised by the district accordingly. N.J.A.C. 6A:32-6.2(a) and QSAC Personnel Indicator 4.b. require a Board to adopt written policies and procedures for the physical examination of candidates for employment. Therefore, Policy and Regulation Guides 3160 and 4160 are mandated and require Board approval.

R 5200 – Attendance (M) (Revised)

On January 16, 2024, legislation was enacted to permit New Jersey public school students from grades six through twelve one State-excused absence each school year to attend a civic event for the purpose of recording attendance for the school register. School districts are permitted to provide additional excused absences for the purpose of tracking attendance locally. Parents of students seeking an excused absence for attendance at civic events must submit a signed written notice at least five school days prior to the event, along with any required documentation specified by the school district to satisfy the criteria for an excused absence. The Commissioner of Education will provide guidance to school districts regarding absences for civic events. This legislation does not require revisions to Policy Guide 5200. Regulation Guide 5200 has been updated to include the provision of a State-excused absence for attendance at a civic event, the definition of a civic event, and the required procedure for approval of such an absence. Regulation Guide 5200 has also been revised to include an option in Section D.1. addressing whether or not a student will be required to provide a written statement for an absence longer than a district-designated number of consecutive school days. The district should designate the number of school days where the blank is provided. The district may then select the option “may” if they would like to handle this issue on a case-by-case basis or “will” if they would like this to be a fixed rule in the district. Regulation Guide 5200 is mandated as N.J.A.C. 6A:16-7.6 requires a Board to adopt and implement written policies and procedures regarding the attendance of students.

Regulation Guide 5200 is **MANDATED**

P 5337 – Service Animals (Revised)

Title II of the Americans with Disabilities Act (ADA), as amended by the ADA Amendments Act of 2008, requires public school districts to permit the use of service animals by individuals with disabilities who require such support. Policy Guide 5337 has been revised to include N.J.S.A. 18A:46-13.3 “Permitted Access for Service Animals.” This New Jersey statute outlines the requirements addressing service animals in schools. The language in the statute is consistent with Federal rules regarding service animals; however, Strauss Esmay believes it is important to incorporate the State law where appropriate. Policy Guide 5337 is recommended to provide guidance to a Board if a request is made to utilize a service animal on school grounds.

Policy Guide 5337 is **RECOMMENDED**

P 5350 – Student Suicide Prevention (M) (Revised)

N.J.S.A. 18A:6-112 was recently revised to include several new statute sections. The new requirements are as follows: training requirements for additional staff members; the requirement for any staff required by N.J.S.A. 18A:6-112 to be trained to warn and protect when they have information that a student intends to harm themselves; and a requirement to notify all staff who are required to be trained in accordance with N.J.S.A. 18A:6-112 of the district's reporting and suicide prevention, awareness, and response protocols.

Policy Guide 5350 has been updated to reflect the revisions to N.J.S.A. 18A:6-112. Policy Guide 5350 is mandated as N.J.A.C. 6A:16-11.1 requires a Board to adopt policies and procedures for staff to report attempted or completed suicides.

Policy Guide 5350 is **MANDATED**

P 7231 – Gifts From Vendors (M) (Abolished)

Policy Guide 7231 regarding gifts from vendors was only applicable to former Abbott school districts and the administrative code has been repealed since there is no longer this designation for school districts. These and other school ethics issues are included in other Policy and Regulation Guides required by the accountability regulations in the administrative code chapter, N.J.A.C. 6A:23A. A former Abbott district that has Policy 7231 in their manuals should abolish the Policy.

Policy Guide 7231 is **ABOLISHED**

P 8420 – Emergency and Crisis Situations (M) (Revised)

P.L. 2023 c.212 was signed into law on January 8, 2024, revising existing statutes N.J.S.A. 18A:41-1; 18A:41-7; App.A:9-86; and creating new statute sections N.J.S.A. 18A:41-15 and 18A:46-2.15. N.J.S.A. 18A:41-1 now provides all students and staff shall fully participate in each fire drill or school security drill conducted to the greatest extent practicable and to ensure that participation does not pose a safety risk to any individual involved. New language added to N.J.S.A. 18A:41-7 requires current staff training for school security be updated to include procedures for accommodating students with disabilities during drills and emergency situations. N.J.S.A. App.A:9-86 adds the Commissioner of Education shall update the current drill guide and training materials disseminated to school districts to incorporate information on the needs of students with disabilities and include standard protocols and procedures for accommodating these students during drills and emergency situations. N.J.S.A. 18A:46-2.15 requires a written plan detailing supports, modifications, accommodations, or services to allow safe and full participation in a drill or emergency situation be included in a student's individualized education program, individualized health care plan, 504 plan, or service plan. N.J.S.A. 18A:41-15 requires school districts demonstrate consideration and incorporation of the individual needs of each student with a disability into the districtwide school safety and security plan. Policy Guide 8420 has been updated to include the requirement of school safety and security plans to address the unique needs of students with disabilities during fire drills, school security drills, and emergency situations. Policy Guide 8420 is mandated as N.J.A.C. 6A:16-5.1 requires a district to develop and implement plans, procedures, and mechanisms that provide for the safety and security in the district's schools and that those plans, procedures, and mechanisms be in written form.

Policy Guide 8420 is **MANDATED**

Policy Guide 8467 has been revised to provide some additional details included in the administrative code regarding student possession and/or use of firearms and weapons on school grounds. Regulation Guide 8467 has been completely rewritten to align with the current language in the statute and administrative code, mainly N.J.S.A. 2C:39-1 – Definitions, N.J.S.A. 2C:39-5 – Unlawful possession of weapons, N.J.A.C. 6A:16-6.3 – Reporting students or staff members to law enforcement authorities, and N.J.A.C. 6A:16-6.4 – Handling of alcohol or other drugs, firearms, and other items. The title of Policy and Regulation Guides 8467 has been revised from “Weapons” to “Firearms and Weapons.” Several provisions in the revised Policy Guide 8467 are being relocated to better align with the statutes and administrative code. The revisions are not a result of any new or revised statute or administrative code and there are no new or additional requirements of school districts in the updates made to Policy and Regulation Guides 8467. The reporting to law enforcement and the handling of firearms and dangerous weapons requirements in Policy and Regulation Guides 8467 are aligned with N.J.A.C. 6A:16-6.3 and N.J.A.C. 6A:16-6.4. However, school officials should also consult the current Memorandum of Agreement Between Education and Law Enforcement for additional guidance in these areas. N.J.A.C. 6A:16-6.1(a)1. requires a Board adopt and implement policies and procedures in matters related to firearms and weapons. Therefore, Policy and Regulation Guides 8467 are mandated and should be adopted by the Board.

P 9181 – Volunteer Athletic Coaches and Co-Curricular Activity Advisors/Assistants (Revised)

The New Jersey Department of Health (NJDOH) updated their Guidance for Tuberculosis (TB) Testing in New Jersey Schools (2023 Guidance). The NJDOH’s justification for the update is to limit TB screening in New Jersey schools to teachers/other employees and only those students who are at the highest risk for TB infection. The revisions in the 2023 Guidance limit or reduce some of the screening requirements recommended in the 2016 Guidance. Policy Guide 9181 had optional language for a volunteer athletic coach and/or co-curricular advisor/assistant to provide documentation they were screened for TB. This optional language has been removed from Policy Guide 9181 and a statement has been added indicating volunteers “will be screened for tuberculosis in accordance with the current NJDOH Guidance for Tuberculosis (TB) Testing in New Jersey Schools.” The 2023 Guidance indicates screening is not recommended for volunteers working with students for less than twenty hours per month. A district that does not want to comply with the recommendations in the 2023 NJDOE Guidance for TB screening of volunteer athletic coaches and co-curricular advisors/assistants may remove this provision from the Policy Guide. Any revisions to the NJDOH 2023 Guidance should be reviewed by the school nurses and the school physician. The other revision in Policy Guide 9181 indicates the Superintendent or designee will be responsible for the training of volunteers.
