B. **FLAG SALUTE AND PLEDGE OF ALLEGIANCE**

Mrs. Perez, Board President, will salute the flag and lead the Pledge of Allegiance.

C-1. **STATEMENT TO THE PUBLIC**

Oftentimes it may appear to members of our audience that the Board of Education takes action with very little comment and in many cases by unanimous vote. Before a matter is placed on the agenda at a public meeting, the administration has thoroughly reviewed the matter with the Superintendent of Schools. If the Superintendent of Schools is satisfied that the matter is ready to be presented to the Board of Education, it is then referred to the appropriate Board committee. The members of the Board committee work with the administration and Superintendent to assure that the members fully understand the matter. When the committee is satisfied with the matter, it is presented to the Board of Education for discussion before any final action is taken. Only then is it placed on the agenda for action at a public meeting. All agenda attachments are available for public review. In rare instances, matters are presented to the Board of Education for discussion at the same meeting that final action may be taken.

C-1. **STATEMENT TO THE PUBLIC (continued)**

Time may be allocated for public comment at this meeting. Each speaker may be allotted up to three (3) minutes and one (1) opportunity to address the Board when recognized by the presiding officer. Individuals wishing to address the Board shall be recognized by the presiding officer and shall give their names, addresses and the group, if any, that they represent. Although the Board encourages public participation, it reserves the right, through its presiding officer, to terminate remarks to and/or by any individual not in keeping with the conduct of a proper and efficient meeting. With the exception of those individuals whose names are on the agenda this evening, the Board will not respond to questions during the public participation portion of this meeting involving the employment, appointment, termination of employment, negotiations, terms and conditions of employment, evaluation of the performance of, promotion or disciplining of any specific, prospective or current employee.

The Green Flag Award is the third of three award levels in the Eco-Schools USA program. To be eligible for the Green Flag Award, a school must follow the Seven Step Framework and complete at least three pathways.

The George L. Catrambone School student green team led our school in completing various activities in order to be eligible and achieve the Green Flag Award from NJ Audubon, which strives to create connections between our community and nature. From student projects like our fresh fruit and vegetable program to exercising for healthier lifestyles to collecting recycled bottles throughout our entire community, our students have been leaders in educating others and making the world around us a better place. Receiving this award signifies that our school has made significant and measurable changes impacting environmental sustainability, both within our school and throughout the larger community. The George L. Catrambone School is one of the few schools in New Jersey to have received all three Eco-Schools Green Flags.

5. **SCHOOL PRESENTATION**

The Audrey W. Clark School has gone through a new and exciting transformation for the start of the 2022-23 school year. Tonight's video presentation, "Allow Us To Reintroduce Ourselves" provides a glimpse into the philosophy of the program and highlights how the program benefits the students that attend. The mission of the program is to provide a safe and nurturing environment where students feel accepted, respected and valued. The program was developed utilizing concepts from Mazlow's Hierarchy of Needs in which physiological needs, safety and a sense of belonging are focused on to help a student later develop positive self esteem and achieve self-actualization where they can begin to fully tap into their academic and whole self potential. The behavioral intervention component of the school takes a Nurtured Heart approach utilizing proactive recognition and building each student's inner wealth. Students are reminded of their daily accomplishments and the idea that they are in control of shaping their goals. Through our Tiers of Privilege behavior modification system, students receive daily feedback and are in control of earning points and receiving different levels of rewards. The Tiers of Privilege are based on the three areas of Self Management, Personal Conduct and Academic performance. In the classroom students are provided with the academic support to address their individual learning needs and meet the same standards set forth by both the district and the state as Long Branch students. The ultimate goal is for every student to graduate and become productive members of the community.
