District Mission Statement

We strive to create a mindful community of learners by modeling positivity and promoting openness in all interactions. Our aim is to prepare learners for a sustainable future by supporting wellness and evoking a growth-mindset through a personalized learning experience.

District Goals (tentative)

Student Achievement/Wellness

Goal #1: Through innovative programs that personalize student learning, we aim to enhance social and emotional literacy for all members of our school family. Incorporating social and emotional learning into various disciplines will increase student awareness of self, allowing information to be received and retained without distraction. Further, through increased literary experiences and expanding guided mathematics instruction, students will continue to increase their academic achievement district wide.

Staffing

Goal #1: Increase the recruitment and retention of highly qualified staff members that reflect the demographics of the community and student needs.

Goal #2: To personalize professional learning for all staff regardless of title, degree or certification. We aim to offer various opportunities for professional growth each year.

Goal #3: Continue building leadership capacity by empowering faculty through school wide initiatives and action plans. Further, through a series of leadership trainings, the entire district leadership team will learn to support the district mission and initiatives.

Communication

Goal #1: Continue to develop and improve communication to all stakeholders in order to address school climate and culture.

APPENDIX G

Board of Education Goals

Goal #1: All Board of Education Committee members will attend each scheduled meeting and engage with district administration to fully understand the impact, implementation, and evaluation of district programs. Each Department Chairperson will report a summary of each meeting to the full Board and general public.

Goal #2: To explore trends in education through workshops, inservices, trainings, and State wide committees with the goal to enhance their ability to advocate for children.
